How to use Hebrew Keyboard on Chromebook

Changing Keyboard Language

1. Press **Ctrl + Shift + Spacebar** at the same time
2. The language will cycle between English (US) and Hebrew (IL) each time you press this key combination
3. To get back to your default language, press **Ctrl + Space**

Niqud for Chromebook Key Combos - AltGr = Alt key right of the spacebar

When you are in Hebrew on a Chromebook (Ctrl + Spacebar to switch back and forth), position the cursor after the letter under/over which you wish to insert a vowel. Hold the AltGr (again, the Alt Key to the right of the spacebar) plus the following keys to insert niqqud.

Key Combo	Vowel / Symbol
AltGr + E (ק)	קָמָץ
AltGr + R (ר)	קָמָץ קָטָן
AltGr + P (פ)	פַּתָח
AltGr + [	פַּתָח קָטָן
AltGr + X (ס)	סֶגוֹל
AltGr + C (ב)	סֶגוֹל קָטָן
AltGr + U (ו)	חוֹלָם dot
AltGr + J (ח)	חִירִיק
AltGr + M (צ)	צֵירֵי
AltGr + S (ד)	שְׁוָא (also the dot for קָמָץ קָטָן)
AltGr + A (ש)	שִׁין
AltGr + \	קֻבּוּץ
AltGr + W	dot for שִׁין

AltGr + Q	**dot for וֹש**
