

Lock / Unlock Screen

The lock screen command will **mute** and **disable all Chrome windows** on your student's device. The command is designed to unlock at the end of the session, but if a student joins a new session before the first session ends, they will remain locked.

To lock a student's screen:

1. Select one or more students using the checkbox to the left of each student's name
2. Click the **Lock / Unlock device** button
3. (Optional) enter a custom message to be displayed on the locked screen
4. Click **Lock** devices on the **Lock / Unlock** Devices confirmation popup window

Devices may also be locked or unlocked by clicking the Lock / Unlock device button on the command bar and then making lock / unlock selections.

Lock/Unlock Devices

 Lock

 Unlock

Select the students you want to lock a device for.

Sort By: First Name ▾

1 student selected

<input type="checkbox"/> Select All	<input type="checkbox"/> ● Student 3	<input type="checkbox"/> ● Student 5
<input checked="" type="checkbox"/> ● Student 6		

Enter a lock screen message (optional)

e.g. "Eyes up front"

Cancel

Lock devices

To unlock a student's screen:

1. Select one or more students using the checkbox to the left of each student's name
