

# Open / Close Tab

The Open Tab command allows teachers to direct students to any web page by entering a URL to be opened on the selected student's screens.

## Opening a Tab for Multiple Students

1. Click the **Open Tab** button
2. Check the boxes next to **Select All** or choose specific students and click **Next**
3. Enter a URL in the Open Tab interface and click **Open Tab**

## Opening a Tab for One Student

1. Click the 3 dots button in the corner of a student's tile
2. Select the **Open Tab** button
3. Enter a URL in the Open Tab interface and click **Open Tab**

## To close a tab:

1. Click on a student's tile (their screen view)
2. Identify the tab you would like to close on the list
3. Click **Close** to the right of the URL

The screenshot shows the Coolmath Games website on the left and the Teacher dashboard on the right. The website features various game categories like Strategy, Skill, Numbers, Logic, Trivia, and more. The Teacher dashboard on the right has tabs for 'Student Activity' and 'Chat'. Under 'Student Activity', there is a list of 'Active Tab' and 'Other Tabs'. The 'Active Tab' list shows 'Cool Math Games - Free Online Math Games, Cool Puzzles, and More' with the URL 'www.coolmathgames.com'. A red 'Close' button is visible next to this entry, and a blue arrow points to it. Below the 'Active Tab' list, there is a section for 'Other Tabs' showing 0 tabs. At the bottom of the dashboard, there are icons for 'Exclude student', 'Open new tab...', 'Lock device', 'Screenshot', and 'Annotate'.

**Note:** It can take up to 10 seconds for the closed tab to disappear from your Teacher dashboard.
